Spirits Turpentine, 38 1/2 cents. Markets, firm.By Associated Press.
New York, March 19.—Prices drifted sluggishly within a narrow range on light opening dealings in stocks today. With the exception of a rise of 1-18 in St. Paul and 3-4 in Tennessee Copper, there was no change recorded as great as half.

The stock market showed momentary strength as a result of an active demand for Rock Island and American Smelting. Free offerings of active stocks, particularly Reading, caused the entire list to react sharply. The local traction stocks suffered from severe liquidation.

At 11 o'clock the market was irregular, N. P. rising to a point over yesterday's closing and Reading making up its loss.

The movement shaped more definitely upward with the extension of Northern Pacific's rise to 1-5-8. There were scattered declines of some minor stocks. The one heavy buy and dull at noon. Bonds were irregular.

Some recessions from the best prices occurred with the progress of the day, the traders realizing moderately when there seemed to be no immediate prospect of extending the rise.
